OUR STORY

Don's Noodle Shop is that spot you make a beeline for when you need comfort food. An asian inspired menu with daily fresh, healthy and organic (when possible) ingredients. All our dishes and products are homemade & handmade, from scratch w/ love.

The duo behind the concept, Stan & Jody, sparked the idea while on a six month hiatus in Asia and Oceania with their son. They spent their time abroad eating outrageously good food and making the most of every day. This gave them the motivation to recreate these memories at home in Tilburg.

The intention behind Don's Noodle Shop is to eat and live thoughtfully.

Make memories with those closest to you.

Eat food that makes you feel good.

Listen to dope 90s hip hop & RnB.

The name is both inspired by Jody's late father, Don (FYI infamous in the kitchen), and the countless incredible meals they ate in no-frills, back to basics noodle shops they visited across Asia.

Come say hi, eat some bomb asian food & enjoy your food coma while listening to vintage Ma\$.
